THE PLAN

- We are still in the beginning stages
- The plan is to draw attention to the issue, it is a description of the issue – to develop perspectives that will help people to work better.
- Meet – selected invitees
- Draft – comments – redraft – comments
- Meet – broader selected invites
 - Bee Advisory Committee
- The plan is not the solution, the plan is a communication tool. Dynamic document!

HOW TO MEASURE SUCCESS?

- We have no measure as of yet
 - BAC will be a measure of success
- Important to determine what your state plan is first
 - hobbyists, crop specific, area specific, product specific
- Survey is a tool
 - Incidents, implement changes, communication, customer satisfaction, Use Pattern changes, increased outreach, mapping, honey production, bee counts,
- Caution: Residue testing, incidents
- As you look at this plan needs to be updated...or specified review time
